

CHANGES TO PERMIT INFORMATION

§ 19.683 Changes affecting permit applications.

(a) *General.* If there is a change relating to any of the information contained in, or considered a part of, the application on form TTB F 5110.74, Application and Permit for an Alcohol Fuel Producer Under 26 U.S.C. 5181, the proprietor must amend the information previously submitted within 30 days of the change unless another time period is specified in this subpart.

(b) *Amended TTB F 5110.74.* Except when a letterhead application or letterhead notice procedure is followed under this subpart, the proprietor must submit an amended application to the appropriate TTB officer on TTB F 5110.74 within 30 days of a change referred to in paragraph (a) of this section if the change affects the terms and conditions of the permit.

(c) *Letterhead applications.* For the changes specified in §§ 19.685(c), 19.686, and 19.690 of this subpart, the proprietor may submit a letterhead application to the appropriate TTB officer for a change instead of filing an amended TTB F 5110.74. A letterhead application must be on letterhead signed by an authorized representative of the permit holder. The letterhead application must identify the alcohol fuel plant to which the application applies. The letterhead application change is subject to TTB approval. The appropriate TTB officer may, at any time, require that the proprietor submit an amended application on TTB F 5110.74 if administrative difficulties occur as a result of the letterhead application.

(d) *Letterhead Notices.* For the changes specified in §§ 19.687, 19.695, and 19.691 of this subpart only a letterhead notice to the appropriate TTB officer is required. A letterhead notice must be on letterhead signed by an authorized representative of the permit holder. A letterhead notice does not require approval action by TTB. The appropriate TTB officer may, at any time, require that the proprietor submit an amended application on TTB F 5110.74 if administrative difficulties occur as a result of the letterhead notice.

§ 19.684 Automatic termination of permits.

(a) *Permits not transferable.* An alcohol fuel plant permit is not transferable and, except as otherwise provided in paragraph (b) of this section, will automatically terminate if:

(1) The operations that are authorized by the permit are leased, sold, or transferred to another person; or

(2) The permit holder is dissolved on a date certain or upon an event specified by the laws of the State where the permit holder operates.

(b) *Corporations.* In the case of a corporation holding a permit under this subpart, if actual or legal control of that corporation changes, directly or indirectly, whether by reason of change in stock ownership or control (in the permittee corporation or in any other corporation), by operation of law, or in any other manner, the permit may remain in effect until the expiration of 30 days after the change, whereupon the permit will automatically terminate. However, if operations are to be continued after the change in control, and an application for a new permit is filed within 30 days of the change, the outstanding permit may remain in effect until final action is taken on the new application. When final action is taken on the application, the outstanding permit will automatically terminate.
